ALL AMERICAN GLADS

LANDMARK (512 — 1960 Walter White) This huge ruffled cream is capable of making a super show spike with 10 bloom open at one time. It has already won highest honors on the show table. In the opinion of many people, some former so called "All Americans" did not come up to expectations, however LANDMARK has the approval of most glad experts. In our opinion this one is really worthy to be called an "ALL AMERICAN GLAD".

CHINA BLUE (571 — 1961) Large ruffled soft violet blue with deeper violet blotch. Opens 6-8 on 20 bud flower heads on tall sturdy plants. Said to be a healthy and dependable variety.

RUSTY (597 — 1961) Large chocolaty red with a velvet bright red blotch. Has a thin edging of white on petal edges. Makes a well balanced spike. 8 open on 20 bud heads on tall sturdy plants.

FROM CARL SOMMER

STARFISH

(Sommer 1961)

Mr. Sommer's hybridizing has long been directed toward the production of UNUSUAL TYPES.

His BIRD OF PARADISE, already one of the most popular novelties, is an example.

Now comes STARFISH, the most unusual type of all.

The heavy textured, deep flame pink 4 inch bloom resembles a Day Lilly.

The petals are $\frac{1}{2}$ to 1 inch wide. The plant grows $2\frac{1}{2}$ ft. high with a 10 bud flower head.

Mr. Sommer showed an arrangement of STARFISH at the International show last summer. Several representatives of large seed houses, scouting around for something unusual, were so impressed that they offered to buy Mr. Sommer's entire stock of this.

This is an unusual novelty for arrangements and experimental breeding.

Any Size Bulb — \$1.00

ARTISTIC

(260 Lins 1961)

Parentage (Cinderella X White Satin)

Clean refined delicately colored face up ruffled, small. The inner $\frac{1}{2}$ of the bloom is cream, the outer $\frac{1}{2}$ is lavender. Color penetration of the heavy textured bloom is perfect.

Six of these beauties open on 16-17 bud, 3 ft. plants. Being a face up, this is an excellent arrangement flower, as no matter at what angle these face ups are placed in an arrangement, the bloom looks right at you.

Any Size Bulb \$1.00

Bulblets 20c, 3 for 50c

STARFISH

BAMBINO

(247 Lins 1961)

Parentage (Cinderella X Seedling X Twinkles)

Flashy bright red with a prominent yellow throat. Eight perfectly placed 3 inch bloom on 40 inch plants with 18 bud flower heads. Plants are straight and thin stemmed.

An excellent arrangement flower and due to its ability to hold many bloom open at a time, should give a good account of itself on the show table.

Large or Medium Bulbs \$1.00; Small 60c; Bts. 1 for 20c, 3 for 50c

GARDEN PARTY

(442 Lins 1961)

Parentage (Pink Seedling X Rima X Seedling X Evangeline)

A really beautiful, wide open, ruffled, rich warm, medium deep pink blending to an immaculate white heart. A raised white line on each pink petal adds to its beauty. Six well placed bloom open on 18 bud, 24 inch flower heads on 50 inch plants.

L \$2.00; M \$1.50; Small \$1.00; Bts. 1 for 25c, 5 for \$1.00

JOAN OF ARC

(400 Lins 1961)

Parentage (Silver Court X Virgin X Myrna X Crystal)

A new dead white which is capable of producing exhibition spikes with 10 open, perfectly placed, somewhat ruffled $4\frac{3}{4}$ inch bloom on 56 inch non crooking plants with 30 inch flower heads of 20-22 buds.

These measurements are from field grown plants, which received no pampering. No need to grow 25 bulbs of this to get a few perfect spikes.

Large or Medium Bulbs \$2.00, 5 for \$7.50

TANYA

(440 Lins 1961)

Parentage (Sierra Snow X New Era X Myrna)

A beautiful blend of light pink, salmon and cream with green deep in the bloom. The 5 inch florets are ruffled. Opens 6 well placed florets on 20 bud flower heads on 52 inch non crooking plants. Makes tall cutflower spikes from even No. 5 bulbs. Blooms in 90 days.

Any Size Bulb \$1.00; 8 Assorted Sizes for \$5.00; Bts. 6 for \$1.00

MOMBO

(246 Lins 1961)

Parentage (Twinkles X Cinderella X Seedling)

"Stars" would be a good name for this interesting small glad as it is composed of a deep red star laid over a bright yellow star. To add to the unusual color combination, the yellow star and rolled back petals tips are bordered $\frac{1}{4}$ inch to $\frac{1}{2}$ inch in bright red.

Six of these $2\frac{1}{2}$ inch gay butterfly florets on 40 inch 16 bud perfect spikes.

Large or Medium \$1.00; Small 60c; Bts. 20c, 3 for 50c

TONAWANDA

(554 Paradise Hb. Lins 1961)

Parentage (Seedling X Bird of Paradise)

A sister seedling of Mauna Loa but in a different color. The large flat saucer shaped wide open somewhat ruffled heavy textured bloom is light orchid rose pink. Bloom has the characteristics of its parent, bent stamens and center ring. Makes regular sized bulbs. Bulb stock still limited.

Any Size Bulb \$3.00; Bts. 1 for \$1.00, 3 for \$2.50

SPARKLING GEM

(248 Sommer 1961)

Another of Mr. Sommer's new ones. This time a small glad in velvety deep red with golden throat and golden edged petals. A taller deeper colored Atom type. Opens 5-6 bloom on 15 bud, 16 inch flower heads on 45 inch plants. Blooms in 62 days.

Any Size Bulb 50c

RECENT INTRODUCTIONS

APRICOT BEAUTY

(420 Lins)

Parentage (Evangeline X Blondie X Oriental Pearl)

Clean rich buff. Florets mostly in the desirable inverted type. Opens 6-8, 5½ inch, only slightly ruffled florets on 17 bud flower heads on 5 ft. non crooking plants. This is not a washed out color but a fine rich florists color and an excellent cutflower.

L 35c

M 25c

BLACK ARROW

(358 Lins)

Parentage (King Lear X Helen of Troy X Burma)

This dark maroon is noted for its long flower heads with 20 or more buds and plants as straight as an arrow. Easily opens 8 perfectly placed bloom at a time. Was Champion New Introductions in Canada in 1959. Potential show flower. A 5XX variety.

L 50c; M 30c; S 2 for 30c; Bts. 10 for 50c

CONGO

(558 Lins)

Parentage (Black Panther X Royal Robes)

Congo is one of the SUPER GLADS and is hard to beat for any purpose, even for florists use. Last fall, several florists bought all the Congo bloom we could spare. to be used with yellow glads and mums for "Fall Arrangements".

CONGO is regarded by experts as the best giant maroon. Grows 55" high. Opens 8 5½ to 6 inch well attached, wide open and always perfectly placed bloom with 8 in color on 23 bud flower heads. Be sure to grow CONGO this year. A 5XX variety.

L 40c, 5 for \$1.50; M 25c, 5 for \$1.00; Bts 10 for 40c

EXQUISITE

(330 Lins)

Parentage (Bo Peep X Seedling)

Ruffled, heavy textured, well formed, wide open bloom in a clean warm light apricot salmon. Medium height plants. Correctly named EXQUISITE.

L 50c; M 30c; Bts. 10 for 50c

FOLLIES

(231 Lins)

Parentage (Bo Peep X Seedling)

Heavily ruffled peach pink with contrasty red blotches. Opens 6-8 perfectly placed, wide open bloom on 16 bud medium height plants. Blooms very early. A bright, happy small glad, wonderful in arrangements.

L 45c, 5 for \$1.75; M 25c, 5 for \$1.00; S 5 for 50c; Bts. 10 for 45c

HEAT WAVE

(346 Lins)

Parentage (Dieppe X Trocadero)

A brilliant velvet red of perfect form and bright clean color. Its 4 ft. spikes with 6-8 wide open bloom, always perfectly placed, are perfect in every way. A 5XX variety.

L 95c; M 45c; Bts 5 for 50c

HIT PARADE

(364 Lins)

Parentage (Wedgwood X Eliz. The Queen X Crystal X Myrna)

Beautiful ruffled deep lavender. Considered by experts to be one of three or four top lavender.

Those who grow Hit Parade are enthusiastic about its beauty and its practically 100% production of uniform perfect spikes.

Few glads in any color can come up to Hit Parade in performance. Nothing better to be had in a 300 size lavender.

For home use, for exhibition and for cutflowers.

Blooms early and propagates like a weed. Medium size bulbs make top quality spikes.

SEE WHOLESALE LIST FOR QUANTITY PRICES.

L 25c, 5 for \$1.00; M 15c, 10 for \$1.20, 25 for \$2.50 — Prepaid

KATHY

(316 Lins)

Parentage (Gold X Little Gold)

As we get more stock of this, our estimation of its worth increases. We had thrilling spikes of this last summer. Wide open ruffled bloom in deep yellow with sparkling scarlet blotches.

Bloom always correctly placed. One of those delightful glads one never has enough of. A 5XX variety.

L 95c; M 45c; Bts. 5 for 50c

LAVENDER CLOUD

(460 Lins)

Parentage (Blue Seeding X Eliz. The Queen)

An unusual shade of clean cool pinky lavender. Good plants with up to 8, somewhat ruffled open bloom. Midseason.

L 45c, 5 for \$1.75; M 25c, 5 for \$1.00; S 5 for 50c

MAHOGANY

(458 Lins)

Parentage (Vendome X Flame Girl)

Perhaps the most beautiful maroon. The wide open ruffled bloom is so beautifully formed and the color blend of the velvety bloom seems to vary from deep maroon to black, depending on the angle from which the bloom is viewed. Florets are well attached and well placed. Under ideal conditions this can be grown to large size.

A 5XX Variety.

L 50c, 5 for \$2.00; M 35c, 5 for \$1.40; S 5 for 75c

MAINLINER

(426 Lins)

Parentage (Wild Fire X Wt. Christmas X Treasure Island)

We are happy with this big husky brilliantly colored ruffled glad because it gives us such fine early spikes. Besides the tall plants with long 18-20 bud flower heads, the color of the wide open ruffled bloom is bright orange red with slight feather in darker red.

An excellent early cutflower and reports received indicate it can also make an 8 open exhibition spike. 5XX variety.

L 35c, 5 for \$1.40; M 20c, 5 for 80c

MOJAVE

(356 Lins)

Parentage (Bo Peep X Seedling)

Rich, deep colored, heavily ruffled, heavy textured deep dark rose and salmon blend with a velvety crimson blotch.

This makes a colorful spike because besides the open bloom, the unopened buds all show color. Not an exhibition variety but one you will love for bouquets and arrangements. Medium height plants. Early bloomer.

L 35c, 5 for \$1.40; M 20c, 5 for 80c

RENAE

(240 Lins)

Parentage (Cinderella X Myrna X White Satin)

Exquisite delicately colored face up small variety for beautiful arrangements.

The three pale pink outer petals are twice as large as the three inside pale pink and pale yellow petals. The stamens are pink. Color penetration of the heavy textured florets is perfect. Blooms early on medium height plants.

L 95c; M 45c; Bts. 10 for 95c

ROYAL COACHMAN

(436 Lins)

Parentage (Flame Girl X Spic and Span)

The best scarlet red we know of.

Color is pure and brilliant. Florets are perfectly arranged on long 20 bud flower heads on 50 inch plants with up to 10 open. Never crooks. Florets are tightly attached. This 5XX variety is first class in every way. Blooms late midseason.

L 75c, 5 for \$3.00; M 50c, 5 for \$2.00; S 20c, 10 for \$1.50

STREAMLINER

(440 Lins)

Parentage (Pink Seedling X Evangeline)

If we could grow only one light pink we would grow Steamliner because it makes such tall straight spikes.

From Evangeline it inherited the tall plant but not the fault of misplaced florets.

The color of the wide open ruffled well attached bloom is just a little deeper warmer pink than the color of Friendship but the bloom is much larger and the plant much taller. Blooms midseason. A 5XX ruffled light pink.

L 45c, 5 for \$1.75; M 25c, 5 for \$1.00; S 5 for 60c

SWEETEST MAID

(430 Lins)

Parentage (Eliz. The Queen X California X Aladdin)

We get enthusiastic reports on this from all over the country. Generally regarded as one of the most beautiful varieties. The florets are flat, wide open and extremely ruffled. Can make a beautiful spike with 8 open bloom which are always perfectly placed on 18-20 bud heads on 4 ft. plants. Blooms late midseason. A 5XX variety for any purpose. Color is delicate salmon.

L 25c, 5 for \$1.00; M 20c, 5 for 80c; S 5 for 50c

TECHNICOLOR

(325 Lins)

Parentage (Bo Peep X Seedling)

A beautiful color blend of various shades of orange, and salmon with deeper shades toward petal edges. A deep burnt orange throat blotch gives the 4½ inch, heavily ruffled bloom an exotic touch. Something out of the ordinary.

L 35c, 5 for \$1.40; M 20c, 5 for 80c

THRILL

(426 Lins)

Parentage (Wild Fire X Evangeline X Eliz. The Queen)

We are enthusiastic about Thrill because it is so brilliantly colored and makes such large bloom on good plants.

The color of the 5-5½ inch ruffled wide open bloom is a shimmering brilliant salmon, orange and scarlet blend with the inside of the large upright upper petal in pink. Opens 6-8 on 18 bud flower heads on 50 inch plants. Blooms midseason.

L 95c; M 45c; Bts. 5 for 50c

TITANIC

(546 Lins)

Parentage (Red Charm X Flame Girl)

A spike of this big bright red in full bloom looks like a series of large red Amaryllis. Opens 6-8 large well placed bloom on long flower heads on strong non-crooking 5 ft. plants. Blooms late midseason.

A cutflower prospect as it opens well, cut in bud.

L 95c; M 45c; S 20c; Bts. 5 for 50c

GEM STATE

(343 Roberts)

A super exhibition variety. Makes an excellent, tall straight spike with 22-25 buds on long flower head. Opens 12 perfectly placed bloom at a time. Light pink with lighter throat. Two lip petals edged deeper pink.

We had considered this a very late bloomer but No. 6 size of this planted in late May, made long headed cutting spikes, not much later than such varieties as Brown Lullaby or Salmon Queen, which were in same plot, planted same time.

M 50c, 5 for \$2.00; Bts. 10 for 75c

MARJORIE NADEAN

(542 Blandon 1959)

Another super exhibition variety. A tall strong plant with long flower head with up to 25 buds. Can easily hold 10 open bloom at a time. Color is a clean pleasing warm salmony pink. Looks like the best exhibition variety from Australia.

L \$2.00; M \$1.25

BIRD OF PARADISE

(510 Sommer-Koerner)

Giant apricot novelty, often 6-7 inches across. The somewhat face up bloom is formed somewhat like a Christmas Poinsettia, all petals are about equal size. Has a red ring in the center and bent stamens. Is the forerunner of a NEW TYPE of arrangement and corsage glads, see "PARADISE HYBRIDS" in this catalog.

L 25c; M 20c, 10 for \$1.60; S 2 for 25c; Bts. 10 for 25c

MULTIPETAL

(Koerner)

When Mr. Koerner, after many years of effort, produced MULTIPETAL, he gave the world a stepping stone leading to new types, such as DOUBLES, DRAGONS, etc.

It is a cream with 15-20 petals and was the first double glad of note. Its pollen used on regular glads, has produced some fine new types.

This is not available from most catalogers but our stock this year is sufficient to supply those who intend to use it in their breeding program.

L 25c; 10 Assorted Sizes M and L for \$1.50

PARADISE HYBRIDS

These are from crosses using seedlings which possess certain characteristics, hybridized with pollen from Bird of Paradise and are an entirely NEW TYPE. Most have flat saucershaped, somewhat face up, wide open bloom with all petals about equal size. They also show the red or pink ring in the center and the bent stamens of the parent. While Bird of Paradise does not set seed, some of these hybrids do set seed, thus are useful in breeding.

Bird of Paradise is one of the most popular novelties. These new PARADISE HYBRIDS, now supply this type in new colors.

Because these are not too large, they are the last word for arrangements and corsages.

MAUNA LOA

(586 Lins 1960)

Large flat, saucer shaped, wide open, somewhat ruffled, heavy textured bloom in subdued mauve rose of slight smoky cast.

Large \$2.00 Medium \$1.50 Small 75c

RARE CHINA

(414 Lins 1960)

This is a dream flower in color and form. 5 inch flat, ruffled bloom in pale chartreuse yellow blending to white. A new beautiful artistic form and refined color.

Small Bulbs 75c Bts. 30c, 4 for \$1.00

SCORPION

(446 Lins 1959)

This is a ruffled, fluted, heavy textured brilliant red. Something entirely different for arrangements.

Arrangements using these hybrids remain presentable a long time because the bloom being face up, can be placed at any angle, plus the fact they have thick ruffy buds and not too long a flowerhead, therefore as the bloom wilts the next newly opened bloom hides the wilted bloom. There is always a presentation of fresh open bloom until the last bud opens and they do open.

Large \$1.00 Medium 45c Small 5 for \$1.00

TONAWANDA

(554 Lins 1961)

A sister seedling of Mauna Loa but in a different color. The large flat somewhat ruffled bloom is light orchid rose pink. The bloom has the characteristics of its parent, bent stamens and center ring. Makes regular sized bulbs. Bulb stock still limited.

Any Size Bulb \$3.00 Bts. 1 for \$1.00, 3 for \$2.50

WHITE BIRD OF PARADISE

(400 Lins 1958)

A beautiful pure white. The bloom is round, flat, wide open. They have the pink ring center and bent stamens. All petals are about equal size. A beautiful thing for lovely arrangements and corsages.

Medium Bulbs \$1.00 Small 50c

FRAGRANT GLADS

COLOGNE (Roberts) Fragrant bright scarlet pink. Any Size Bulb 25c

PINK FRAGRANCE (Spencer) Besides being fragrant this is a good ruffled salmon pink with a red blotch. L 20c, 5 for 75c

SWEETIE (Spencer) This is a very fragrant medium sized clean light rosy red with a white heart. Use fragrant glads in your arrangements and surprise your neighbors. Most people do not know there are fragrant glads.
L 20c; 10 Assorted Sizes for \$1.00

THIS IS IT (Spencer) A very beautiful rich deep pink which would be one of the best pinks, even if it were not fragrant. You will love this. L 25c, 5 for \$1.00

YELLOW ROSE (Spencer) One of the most popular fragrant glads. A good plant with bright yellow bloom, which sometimes looks like a semi double rose.
L 25c, 5 for \$1.00

Fragrant Special — 1 bulb each of above 5 fragrant for \$1.00

DRAGONS DOUBLES - NOVELTIES

ALONE We can offer a limited amount of this most unusual of all glads. It is double, ruffled, spurred, folded, in globular form. Color is a waxy salmon. It is the pollen parent of unusual forms. There is nothing just like ALONE. Any size bulb \$1.00

CORSAGE (351 Knight) Heavy textured creamy pink. Narrow, sharply laciniated waved petals. L 2 for 35c; 10 Assorted Sizes for \$1.00

DINOSAUR (Gosling) Bright orange scarlet dragon, ranging from large sprawling blossoms to spurred florets. M 2 for 35c; 10 Assorted Sizes for \$1.00

TESTIMONIALS

STREAMLINER made two spikes, the tallest was 76" high. I especially liked **MAUNA LOA**, it was beautiful. In fact I had few glads less than 55" high. The **4X SEEDLINGS** I had from you were so very wonderful. Just to mention a few fine ones, I found 4 different black reds, all ruffled. A yellow one with wide pink border, a 400 size deep yellow with an orange red thumb mark, an enormous ivory with the whole spike open same time. **SHAGGY DRAGON** was magnificent, it came with 11 to 12 petals.—Mrs. C. E. Crouch, Montana.

APRICOT BEAUTY was superb. Spikes were 7 feet tall with 10 open bloom, **MAY DAY**, **RHAPSODY**, **CIRCUS**, **PAINTED LADY**, **SWEETEST MAID**, **LAVENDER CLOUD**, all were beautiful.—Mr. and Mrs. Rollie Boyer. Indiana.

If you never introduce another glad, you can stand on your **SWEETEST MAID**, as an all time tremendous glad, certainly one of the 10 finest glads in commerce. The gals who come to the garden for cutflowers, love it.—Bruce Collins, Mich.

I felt I must tell you about **ISLAND QUEEN**. This proved to be the strongest growing glad in our garden, in fact I would go so far as to say it was the tallest and largest flowered glad we have ever seen. It was over 6 feet high with a tremendous flower head with many huge open bloom. It was truly a giant.—Wm. J. Toomey, Mass.

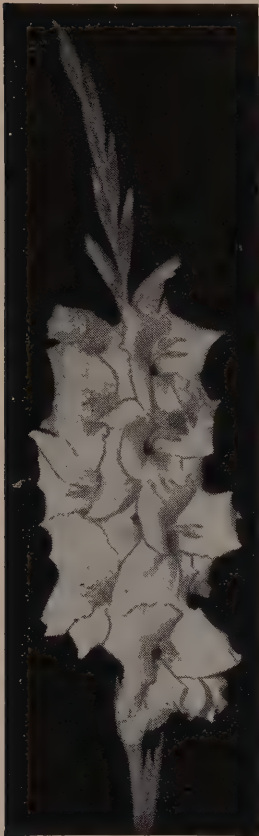

I regard your **SWEETEST MAID** as one of the very finest glads I have ever grown. I am sending you a picture of **SWEETEST MAID** being held by my son Jeffrey. Your **SABLE** is also a favorite of mine, it is always good for a blue ribbon.—Miles C. Labrum, Utah.

I loved your **HIT PARADE** and oh sooo many bulblets.—Mrs. J. J. Waddell, Calif.

Last summer I only had about 30 of your bulbs but won 21 blue ribbons on individual spikes at the show in Columbus, Ind.—Thelma Sater, Indiana.

To me **SWEETEST MAID** is sure a beautiful flower and it certainly "WOWS" the ladies.—A. M. Smith, Ill.

To me **SWEETEST MAID** is one of the most gorgeous glads. I do not know words to do it real justice.—Dwane Eastman, Wisc.

WHITE TOWER

WHITES AND CREAMS

WHITE TOWER (501 Lins) Large heavy textured white with pink blotch. **L 2 for 35c; M 3 for 35c**

AMANDA (401 Lins) This White Tower seedling is pale blush white with a pink blotch. Makes giant plants with long 20 bud flower heads. We gave this as a premium bulb last season and in spite of its florets not being as wide open as we would like them to be, customers who had this, sent in favorable comments on it. Blooms in 95 days.

L 35c; 10 Assorted Sizes, M and L for \$2.00

TESTIMONIALS

SABLE was beautiful dark one. SWEETEST MAID became one of my favorites, probably because of its wide open bloom.—Roy Meaux, Minn.

You have the widest variety, the most unusual colors and the most reasonable prices. I have always been highly pleased with my purchases from you.—Mrs. Oscar Oider, N. D.

I had my first spike of FAR EAST today and am simply thrilled with it. GRETCHEN is lovely. I can hardly wait to see the extras you sent, as all the ones which have bloomed so far are simply gorgeous. — Vera Rosenberg Hanson, Calif.

We enjoyed your TREASURE CHEST GLADS. Beautiful large flowers and spikes, tall and sturdy.—J. H. Morrison, S. Dak.

TESTIMONIALS

Your SABLE is certainly one of the most beautiful flowers.—Mrs. L. E. Houston, Minn.

Had very good results from your bulbs. WHITE BIRD OF PARADISE and SCORPION bloomed from bulblets.—W. E. Smith, N. Y.

Your bulbs are the cleanest, disease free I have ever ordered. My CONGO were beautiful. SWEETEST MAID was the most beautiful glad in my patch. Growing your bulbs has been a joy.—Mrs. Grace M. Sipe, Ohio.

I must bother you for more glad bulbs. I just cannot leave your catalog alone.—Bertha Blegan, N. D.

Your HIT PARADE is certainly one of the best glads to be introduced in recent times. SWEETEST MAID is beautiful and certainly is a fine cutter. Tried GRETCHEN and was pleasantly surprised at its great beauty. It reminds me of ——— but makes far better spikes—Arthur Wilke, Nebr.

Your bulbs were some of the finest I ever received and best treated to keep them in good condition till planted. In spite of the fact I finished planting the bulbs July 12th and made last cutting October 28th. the bulbs harvested were large and well developed. Even your Hit Parade bulblets made up to fairly large bulbs. Thanks for the very nice way you handled my order.—Hugh M. Duffy, Calif.

I'd like to express my appreciation for the fine bulbs and the extras. Everyone admired my glads last year and I had many people ask where I got such lovely glads. Your peony MINNEKADA is the most lovely peony I've ever seen and has caused a lot of comment and admiration. I'd like to say that I've bought peonies from a number of firms but yours, for quality of color, texture and sturdiness of stems are tops.—Mrs. Wm. Barraford, N. Y.

I couldn't send you this order without a word of praise for the fine quality of bulbs that I received from you last year. The bulbs were very fine quality and even the small ones produced amazing spikes. As for the colors and ruffling and substance, I've never seen finer anywhere. I simply loved Bird of Paradise and the 4X SEEDLINGS gave me a great deal of pleasure. I hope the PARADISE HYBRIDS come down in price soon for I think they are the most lovely development ever, in glads. I anticipate buying MAUNA LOA and RARE CHINA, that sounds like pure heaven. I never write fan letters but this might be called one—and it is truly sincere.—Mrs. Barraford, N. Y.

L 20c; M 15c, 5 for 60c

CHOCTAW (496 Wilson) Large brown with a red blotch. Late bloomer. Very unusual color. L 25c; M 20c

COOPERII (204 Species) This greenish brown is a collectors item. One of the "wild" glads. Scarce. L or M 25c, 4 for \$1.00

COPPER BRONZE (596 Roberts) Tall sturdy plants with long flower heads. The unopened buds are copper which when open are smoky brown with slate and copper overtones and a red blotch. L 50c

DUSTY MILLER (486 Ellis) Rosy brown with ivory markings. Reliable. Makes a good spike. L 20c; M 15c

ERIN (304 Pruitt) Chartreuse green with small deeper throat mark. One of the popular so called "green" glads. M 25c

GRAY SUMMIT (486 Butt) Smoky blue gray with prominent white throat. The white blotch is bordered pink. L 20c

G. DRACOPHALUS (204 Species) Another species with small green blossoms. By bending the petals back, arrangers make the bloom look like a CYMBIDIUM ORCHID. If you like to make unusual arrangements, better order plenty of this while it is still available. L or M 2 for 35c, 10 for \$1.25

GREENLAND (404 K. & M.) Chartreuse pale yellow. L or M 2 for 35c

GREEN ICE (404 Barker) Tall cool pale green without marking. Flower head is long with many bloom open at a time. L 35c; M 25c; S 2 for 35c; Bts. 20 for 25c

GREEN MEADOW (504) The largest chartreuse cream. Makes a good sturdy plant with up to 6-8 open. Bloom is wide open. Very scarce. In demand by breeders. Any Size 95c

SMOKY AND UNUSUAL COLORS — Continued

GREEN WOODPECKER (405 K. & M.) Slightly ruffled greenish lemon yellow with maroon blotch. Not exactly beautiful in our opinion but customers did like it at our flower shop. Makes a top notch spike.

L 50c; M 35c; S 20c, 5 for 80c; Bts. 10 for 50c

GUNSMOKE (481 Fisher) Grayish smoky salmon. **L 2 for 35c; M 3 for 35c**

HI FINANCE (482 Wilson) Tall smoky violet rose. **L or M 20c**

MOTHER MACHREE (480 Stevens) Large smoky rosy salmon and violet blend with some mild deeper stripes. Can make a fine flower head. One of the old timers (1927), recently back in circulation. **L 35c, 5 for 70c; M 3 for 35c, 5 for 50c**

MRS. M. RAYWARD (581) Clouds at sunset colors. Light smoky salmon, lavender with cream undertones. 8 5½-inch bloom on sturdy plants. A favorite with many. **L 35c; M 25c**

OKINAWA (381 Loar) Eight wide open perfectly placed bloom on good plants. Color combination of brown, splashed and marbled purple and gray. **L 20c; M 2 for 30c**

PELLETIER D'OISY (204 Lemoine) Deep green with orange stippling. **Any Size 25c**

PERSIAN RUG (486 Roberts) A blend of deep smoky plum brown with large yellow blotch. **L or M 20c**

PRAIRIE (497 K. & M.) Deep charcoal brown with still deeper brown blotch. The whole bloom is speckled yellow, this is very unusual. **L or M 20c, 5 for 80c**

PRUNELLA (508 Stringer) Giant plum smoky with large yellow blotch. Big husky plants. **L 2 for 35c; M 3 for 35c**

ROBINSON CRUSOE (490 Lins) Base color is tan, heavily marbled chocolate. Practically every spike is a different color blend. **M 20c, 5 for 80c**

SALAMANCA (590 Stubbs) Large smoky salmon with red feather. **M 25c**

SANDMAN (590 Butt) Light salmony brown with white throat. **M or L 25c**

STORM CLOUD (480 Butt) Smoky tan and lavender blend. **M 25c**

THE ROAN (590 Pruitt) Large chestnut red, netted and veined white. Unusual novelty. **L 2 for 35c; M 3 for 35c, 5 for 50c**

TUNIAS ARISTOCRAT (585 Both) Giant plant and bloom in smoky gray with red blotch. **L or M 35c**

TUNIAS ELITE (Both) Large smoky orange blend. **L or M 35c**

TUNIAS MAHOMET (586 Both) Mild rosy gray with mild blotch. **L or M 25c**

UHU (482 K. & M.) Unusual combination of colors. Salmon, slate, brown and yellow are all represented. **L or M 20c**

VOO DOO (486 Kadel) Smoky gray bronze with lighter throat, peppered plum. Powerful grower. **L 2 for 35c; M 3 for 35c**

VOO DUN IT (498 Kadel) Large butterfly winged florets in brown, blending to tan. Has a large yellow blotch which is peppered brown over the yellow. Something flashy and unusual. **Any Size 35c**

ZUNI (484 Mitch) An old timer which most likely has W. H. Phipps in its parentage because it makes a tremendous flower head with 8 open right out in the field. Each spike is a bouquet in itself. Color is smoky gray lavender with salmon undertones. A real good smoky you should not miss. **L 25c; M 20c**

4X Seedling Collection

We grow many seedlings each year, produced by carefully considered crosses. When they bloom we find many wonderful things among them but only a small percentage are marked for further testing. All the rest go into a grand 4X SEEDLING MIXTURE, which we offer to our customers.

Its fun growing these seedlings. Some wrote that when the seedlings they bought from us, came into bloom, they just had to get out early each morning, to see what new beauties had opened up during the night.

Since many new types in all sizes and classifications figure in our breeding program, these seedlings contain something of interest to most everybody.

**YOU HAVE THE RIGHT TO NAME AND MARKET ANY SEEDLING
FOUND IN COLLECTIONS BOUGHT FROM US.**

This is a popular collection. Some seasons we could not fill all the orders received for seedlings.

Dark Collection

A very popular unlabeled collection because many people do not care for white or pastel colored glads, or have too many light colored glads.

This is made up of the deeper colors including velvety ruffled maroons, reds, purples and other fine colors in the deeper shades.

Worth many times the price at which they can be had in this collection.

Why Should We Plant Peonies?

ENSIGN MORIARTY

HERE ARE SOME REASONS:

They are rated among the most beautiful of all plants, both in plant and flower. They are easy to grow. Magnificent flowers may be produced with less care than that given almost any other flower, though they well repay reasonable loving attention. It is long-lived. An established plant will live and bloom for many years.

**THEY ARE HARDY IN EVERY STATE IN THE UNION
AND IN ALL OF CANADA.**

They may be grown in beds, borders or gardens by themselves or with other plants. They make attractive specimen plants on the lawn or in the garden. The blooms are large, showy, of many forms and colors and long lasting. Many varieties are deliciously fragrant. Disease and insects rarely bother them. They make excellent cutflowers and give beautiful landscape effects. In short it is one of the most useful, beautiful, versatile, and altogether satisfactory plants known.

IT IS TRULY THE KING OF FLOWERS !

PEONIES

The peonies we offer are not the cheap run of the mill varieties but are the best available today. Most have received the AMERICAN HOME ACHIEVEMENT MEDAL or similar award. They not only have beautiful bloom with a charm all their own but most have strong stems which hold the bloom off the ground.

These famous peonies will grace the finest estate. At a recent major peony show LINS ORIGINATIONS won, against all comers, 4 COLOR CHAMPIONS out of 5 possible. 5 Lins originations won the SILVER MEDAL. GARDENIA was GRAND CHAMPION in 1956 and 1957. In 1959 Lins originations won SWEEPSTAKES for most points. VALENCIA was CHAMPION RED, in 1960 PAUL BUNYAN was CHAMPION DARK PINK and won in every class entered.

Peonies can be planted in spring or fall. We have roots in storage for early spring planting. For fall planting, shipment in September and October.

BLUE ROSE (Lins 1957) A large full double bluish rose which carries more blue than any peony we know of. Has a strong rose fragrance. Stems are willowy but adequate. — **\$10.00**

BURMA (Lins) A beautifully formed double deep red. At its first showing it won in every class shown. Until the plant is fully established the bloom is a beautiful semi double with golden stamens. Has won highest honors on the show table and is also a good garden peony. Blooms early midseason. — **\$3.95**

CASABLANCA (Lins) A giant full double pure white, whose strong stems hold the giant bloom erect. This description sounds common but the king size round, full double bloom must be seen on the plant to realize what a marvelous bloom this can produce. A peony you will be proud to own and a MUST in every good collection. Nothing else like Casablanca. — **\$4.95**

DOLORODELL (Lins) A full double giant in pure unfading salmon pink with strong stems which hold the great bloom erect. Won the American Home ACHIEVEMENT MEDAL and other high honors. One of the SUPER peonies that belongs in every good collection. — **\$4.95**

ENSIGN MORIARTY (Lins) A giant full double dark pink whose strong stems hold the large bloom erect. Due to its beautiful form and great size it has been CHAMPION DARK PINK many times. Another super peony which is a MUST in every good collection. A grand show flower and one you will be proud to have in the garden. — **\$4.95**

FESTIVAL QUEEN (Lins) A new double yellow with pure white collar and a pure white crown. Blooms almost as early as the hybrids. An unusual novelty and the best "yellow" peony we know of. — **\$4.95**

GARDENIA (Lins) A beautiful large double flower as perfectly formed as the best gardenia. Cut in bud and developed inside the color is bluish. Bloomed on the plant the color is white. Was BEST FLOWER IN THE SHOW several times. The plants are covered with large beautiful bloom every year. Its strong stems hold the bloom erect. One of the very finest peonies. Don't miss it. — **\$3.95**

HAWAIIAN SUNSET (Lins 1958) A beautiful new Japanese type in rose pink and creamy gold. The richly colored bloom is carried on straight strong perfect stems on a perfect plant. A rich rosy pink with a large center of lacinated creamy gold petaloids. Supply limited. — **\$10.00**

KING MIDAS (Lins) A full double real red without stamens which is as beautifully formed as a rose. Was awarded the AMERICAN HOME ACHIEVEMENT MEDAL on account of its rose form and rich real red color. Some bloom have a touch of gold on petal edges. Plants are perfect. Holds its petals, before dropping, longer than most peonies. Early midseason. — **\$3.95**

LILAC TIME (Lins 1958) A new Japanese type peony in a new color. A rich deep lavender lilac. The collar and the center cluster of lacinated petaloids are the same rich color. Plants and stems are good. Something different and wonderful for bouquets and arrangements. Its buds look like long rose buds. — **\$8.00**

MARY L (Lins) This AMERICAN HOME ACHIEVEMENT MEDAL winner is a full double high built flower with the top petals on some bloom touched with red. Blooms late midseason on strong stems. — **\$3.95**

OLD LACE (Lins) This has long been one of our favorites and we consider it one of the most beautiful peonies. The large full double flower, often 9 inches across, is composed of long narrow petals radiating from the center. A rich ivory blush. A wonderful garden peony. It loves the sun, no matter how hot the day. — **\$3.95**

PAUL BUNYAN (Lins 1957) This is one of those grand peonies, every lover of fine peonies will want to own. A very large full double, well formed deep flame pink, which looks like a giant rose in form and beauty. Its large outer petals help hold its good form even after it is open several days. Was awarded the AMERICAN HOME ACHIEVEMENT MEDAL and is proclaimed by experts as one of the best new peonies. Was CHAMPION DARK PINK in 1959 and again in 1960, also won in every class shown both years. A peony, even the most critical will be proud to have in their collection. — **\$15.00**

RAMONA LINS (Lins) Another super peony, regarded by experts as an all time great. One of the world's most beautiful peonies. The delicately colored bloom in pale ivory blush with Solange undertones, is very large and beautifully formed. These grand bloom are carried on strong stems which hold them erect. This must be seen on the plant to realize how magnificent this can be. — **\$4.95**

RED CHARM (Hybrid) (Glascok) This is regarded as the best double red hybrid. A grand peony in every way. Was GRAND CHAMPION for us in 1960 at the Minnesota State Peony Show. Due to the peculiar formation of its roots, a good division with 1 or 2 eyes is considered a good division. Because most stock of this was winter killed in 58-59 winter, stock is scarce. — **\$15.00**

ROSE UNIQUE (Lins) Tall full double dark rose. A sister seedling of famous Tondeleyo but in a deeper color. A big rugged peony that can take weather. **\$3.95**

ROSEMARIE LINS (Lins 1961) A New Introduction For 1961. See Next Page For Description and Price. On the back cover of this catalog is a picture of the new medal-winning peony — Rosemarie Lins.

SUMMER CHARM (Lins 1961) A new heavy textured full double in creamy light salmon pink, somewhat like the color of the beautiful rose Peace. The plant is good and the stems strong. This blooms late, in fact when our other peonies are bloomed out, Summer Charm is in its prime. Because it blooms so late it is not recommended for the lower southern states. — **\$5.00**

TONDELEYO (Lins) A double non fading flame pink of unusual fire and brilliance. The plant is tall with strong straight stems. Blooms early. A grand peony in a grand color. First class outflower. — **\$3.95**

TOWN TALK (Lins) A large full double heavy textured baby pink with strong straight stems and good plants. Has a FIRST CLASS CERTIFICATE from the American Peony Society. Blooms late midseason. — **\$4.95**

TULAGI (Lins) A good garden and landscape Japanese type peony. The plant is beautiful even when not in bloom but early in the peony season the plant is loaded with large wide open, rich deep red bloom with a center cluster of petaloids in deep mahogany. — **\$3.95**

VALENCIA (Lins) A high built full double bright red on a medium plant with good stems. Was awarded a BRONZE MEDAL by the peony society. WAS CHAMPION RED IN 1959. — **\$3.95**

WAIKIKI (Lins) A sister seedling of Hawaiian Sunset but in a different color. A Japanese type peony in deep cerise and flame salmon. The plant is perfect in every way. The very large well formed bloom is composed of a cerise collar with a center of laciniated petaloids in flame salmon, tipped creamy gold. A beautiful color combination. — **\$8.00**

TESTIMONIALS

Am winning numerous blue ribbons on spikes from bulbs I have purchased from you. Am still "nuts" about GRETCHEN.—C. L. Zimmerman, Wash.

I'll say without reservations that your bulbs were the best of all I bought. Of the varieties I bought from you and which bloomed for the show BLACK ARROW and SWEETEST MAID and Manon won blue ribbons.—James Pantley Jr., Washington.

Rosemarie Lins

(Lins 1961)

NEW INTRODUCTION FOR 1961

This beautiful new peony won the American Home Achievement Medal in 1958. That fall we lifted most established plants of this for propagation. This planting stock was to be ready for release in the fall of 1960, however practically all young stock planted that fall perished, including all planting stock of Rosemarie Lins. We had only five clumps left of this, in a different plot, which fortunately survived. Due to this misfortune, there is not much stock available of this, however some peony lovers, who know this, are anxious to have it now, therefore we are offering a limited amount for 1961.

This is about as perfect a peony as one could expect. The color of the heavy textured perfectly formed bloom is blush, finally turning white as the bloom ages. It is beautiful in either stage. The plants and stems are perfect. Blooms late midseason, just right for the show.
